**RE: Cigarette Lighter Submission for Models XHD59CR, XHD108CR,  
XHD626CR and XHD639CR  
Submission ID SUBM06-0320**

Dear Adam Olcott:

This is to acknowledge receipt by the Office of Compliance of the specifications and qualification test reports for the referenced cigarette lighter models (based on the child testing conducted on model 20103, 20106 or 20503). Your report was received in our office on September 21, 2006. After comparing the specifications and prototype units of the above models to the respective tested model, we agreed that the report you provided complies with the reporting requirements of the Safety Standard for Cigarette Lighters at 16 C.F.R. § 1210.17(b) for models XHD59CR, XHD108CR, XHD626CR and XHD639CR.

This acknowledgment of receipt of your report and its acceptance as being complete pursuant to 16 C.F.R. § 1210.17(b)(1)-(6) is not to be considered by you or any other party as an approval of the lighters or of the report. It is your responsibility to certify that each shipment of lighters you import complies with all the requirements of the standard. As long as the lighters fully comply with the standard and any other applicable federal regulations, and maintain a gas plunger activation force equal to or greater than the manufacturer's minimum specification for its respective tested model, you may begin to import models XHD59CR, XHD108CR, XHD626CR and XHD639CR for distribution and sale in the United States after October 21, 2006.

We would also like to inform you that this new information about your company will be added to the U. S. Consumer Product Safety Commission's (Commission) lists, which identify cigarette lighters by model as well as the manufacturers and importers that have submitted

complete documentation as required by 16 C.F.R. § 1210.17(b). These lists are generated by the Commission's Office of Compliance. The information on the lists is based upon documentation provided by your firm or the firm you represent. The lists are regularly updated and are the subject of Freedom of Information Act (FOIA) requests from the public. We have made a determination to disclose these lists because the information identifying your cigarette lighter does not meet the criteria for confidential business information and is presumed accurate.

At this time, we are providing you the opportunity to comment on the information identifying your firm's product under the procedures in section 6(b) of the Consumer Product Safety Act (CPSA). Any comments you submit pertaining to the information will be considered by the FOIA office during their processing of the lists for release in response to FOIA requests. To permit full consideration, your written comments must be received within twenty calendar days of the date of this letter with three additional days allowed if you receive this letter by mail. Comments should be mailed to the Freedom of Information Officer, Office of the Secretary, U. S. Consumer Product Safety Commission, 4330 East West Highway, Suite 502, Bethesda, Maryland 20814-4408.

Also, this information will be available to the public via the Commission's official website. If you have no comments or objections to the public disclosure of these lists, you are not required to respond.

If you have any questions about the subject of this letter or other issues relating to the Safety Standard for Cigarette Lighters, please feel free to write or call me.

Sincerely,

Joseph S. Vogel  
Compliance Officer
