SPECIAL Properties

TC

The lighter body is transparent, so the amount of gas inside is visible.

HC

Single color lighter body without label.

PEARL SPRAY

Pearlescent paint coating with tiny glitters to achieve a special effect.

The shiny golden foil creates a premium effect in harmony with the pattern of the given design.

Colored FLAME

The flame of the lighter is colored according to the lighter body.

GLITTER

The body of the lighter has a glittery surface.

METALLIC

The special paint coating provides a metallic effect with an elegant appearance.

EXTREME TOUCHABLE

Specially designed surface covered with emerged texture following the pattern of the given design.

Rubber

A rubberized surface that provides better grip and a premium look.

METAL CASE

The lighter is placed in a metal case, which ensures the durability of the product.

SMELL LABEL

The surface of the lighter will have a pleasant, delicate aroma when rubbed.

Laser

The laser label is a two-layer film that creates a special hologram effect.

GEMSTONE

Touchable shiny gemstone decoration in harmony with the design.

BOTTLE OPENER

Lighter with built-in bottle-opener.

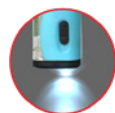

SURPRISE

The label has a scratch-off layer that conceals a message.

MIRROR

The mirror foil creates a holographic effect with mirror glitters.

LED

The lighter includes a small LED that emits a bright, white light.
